### TS 601 Aluminum I

Industrial use only. One of the most powerful detergents available. Removes tough smoke, carbon, grease, oils and built-up road film. One application can make oxidized aluminum look brand new. Does NOT contain Hydrofluoric Acid. Do not use on polished aluminum, glass or anodized aluminum.

Ideal for: Aluminum trailers  
Description: Clear Liquid, 35% actives, acid  
Application: Downstream, Pre-spray, Cold water

### TS 602 Aluminum II

Industrial use only. Economy version of 601. Great for 90% + of brightening applications. Make oxidized aluminum look brand new. Removes tough smoke, carbon, grease, oils and built up road film. DO NOT use on polished aluminum, glass, or anodized aluminum.

Ideal for: Aluminum Trailers  
Description: Clear liquid, 32% actives, Acid  
Application: Downstream, Pre-spray, Cold Water

### Aluminum Clean And Bright

Industrial use only. Great balance of cleaning and brightening. Makes the toughest jobs look great the first time. Removes tough smoke, carbon, grease, oils, and built up road film. DO NOT use on polished aluminum, glass, or anodized aluminum.

Ideal for: Aluminum trailers, Rims, and Fuel Tanks  
Description: Purple liquid, Acid  
Application: Downstream, Pre-spray, Cold water

### Aluminum Clean And Bright No HF Pre-mixed

Industrial use Only. For cleaning polished aluminum only. Will not turn surface white. Gentle cleaners remove light oxidization and makes surface smooth.

Ideal for: Polished aluminum  
Description: Blue Liquid  
Application: Pre-spray or Brush

### TS 608 Ripper II

Heavy industrial detergent. Safe for food preparation applications. NOT for use on cars, trucks, aluminum, magnesium or galvanized metal. Caustic based.

Ideal for: Engines, fifth-wheel, construction equipment  
Description: Red liquid, 17% actives.  
Application: Downstream, Pre-spray, Hot water

### TS 610 99

Acidic detergent removes hard set-up concrete, smut. Also removes water scale and rust on metal and glass.

Ideal for: Trucks, equipment, welding equipment  
Description: Clear liquid, 45% actives  
Application: Downstream, Pre-spray, Cold Water

### TS 611 Polished Aluminum Cleaner

Powerful formula removes heavy deposits of soiling and aluminum oxidation. Also removes smut from welding. Cleans most aluminum soils and gives back the shine and luster to aluminum metals.

Ideal for: Polished aluminum, Stainless steel  
Description: Clear liquid, 22% actives  
Application: Downstream, Pre-spray, Cold Water

### TS 616 Hot Wax

Provides a water resistant coating to bring out the shine and luster of dull paint, while leaving a clear thin film of protective wax. Beads easily for rapid drying time.

Ideal for: Car and truck applications  
Description: Gold liquid, 36% actives, Ships UPS  
Application: Upstream, Downstream, Prespray, Hot or Cold  
Note: Can be added to vehicle wash to enhance results
